**Centric Bank Announces Exclusive Practice Financing Partnership with the  
Pennsylvania Dental Association**

**Harrisburg, Pennsylvania (February 26, 2018)** – Centric Financial Corporation, Inc., ("Centric") (CFCX), has entered into an exclusive endorsed practice financing partnership with the Pennsylvania Dental Association (PDA) and Pennsylvania Dental Association Insurance Services (PDAIS), announced Centric Bank President & CEO Patricia (Patti) A. Husic.

"This partnership adds a level of distinction to Centric Bank, as well as to the breadth and depth of high-quality competitive services we offer PDA membership. Centric Bank was chosen based on their leadership in the medical concierge banking marketplace, their deep understanding of dental practice financing, and on the strength of their reputation for small business lending," says Gilbert R. Davis, president and CEO of Pennsylvania Dental Association Insurance Services.

Meeting the unique banking needs of the medical community through its wholly owned subsidiary Doctor Centric Bank, Centric Bank provides turnkey services in practice expansion, equipment acquisition, facility purchase, technology upgrades, buy-ins and buy-outs, as well as highly personalized banking at the convenience of medical professionals.

"We are honored to be selected as the PDA's exclusive practice financing partner and to join an esteemed group of corporations dedicated to serving Pennsylvania's dental community. Our team of business lenders and banking leaders understands the economic challenges medical professionals and their practices face. When the complexity of the 'business of health care' overshadows opportunities for practices to grow and expand services, Centric Bank provides capital and a private concierge banking solution," says Husic.

"We look forward to serving dentists and health care professionals on the frontlines of Pennsylvania's oral health. The Centric Bank team brings a seamless integration of professional and lending choices for every season of practice growth. Our concierge services prove a competitive advantage for dental professionals. When you need the highly specialized resources of a private banker, we're on call," says Husic.
